

Visit to Sri Raghavendra Divine Society Orphanage Home

by **Engr. Toh Ai Ching**, *MIEM, P. Eng.*
Chairperson

FOR the 2009 charity project, the Lady Engineers' Sub-Committee decided to visit the Sri Raghavendra Divine Society Orphanage Home in Kajang again on 21 February 2009 as we would like to follow up on the progress of the children since our last visit.

Engr. Magdalene Tan, Engr. Chin Lee Leng, Engr. Gowry d/o Thambi Rajah and Engr. Toh Ai Ching were at the home at 11.00 a.m. There are currently 13 children at the home. At the time of our visit, two older children were in school while the rest were already dressed and waiting anxiously for our visit.

After a brief chat with the person in charge and the house mother about some of the children who have been around since the last visit and the general affairs of the home, all of us went to a Pizza Hut outlet in Kajang.

At Pizza Hut, the children were all seated at a long table

while waiting for food to be served. Engr. June Lau Yuk Ma then joined us at the restaurant. The house mother led the children in a prayer of thanks before they were allowed to partake the food, which consisted of pizza, fried chicken, mushroom soup, fried potatoes and Milo.

The children were not allowed any cold drinks or seafood as advised by the house mother. We also packed some food for the two older children who were not able to join us for the lunch outing. After everyone had their fill, we took a group photograph with all the children in front of the Pizza Hut outlet. We then sent the children back home. The children thanked us for the visit before we left the home at 1.00 p.m. ■
