

Donations of Books from The Institution of Civil Engineers (ICE), London

By : *Engr. Dr Ooi Teik Aun, F.I.E.M., P.Eng.*

On the 16 October, 2006 The ICE Country Representative for Malaysia, Engr. Dr Ooi Teik Aun officially handed over the following books donated by the ICE to the President of The Institution of Engineers, Malaysia (IEM), Datuk Engr. Professor Dr Ow Chee Sheng. The books are now in the IEM library. It is hoped that these books will benefit the members of IEM as well as that of the ICE in Malaysia.

The ICE and IEM have a Memorandum of Understanding through which Members of both Institutions can benefit from the activities of the Institutions, particularly in the use of library facilities and attendance of talks, seminars and conferences.

It is hope that more books will be donated by the ICE to the IEM in order to benefit the Members of both the Institutions. ■
