Three types of papers are solicited for the IEM Journal:

- (1) Regular Paper – Presentation of significant research, developments or applications in any field of engineering or within the scope of the journal. Tutorials and surveys are also considered. For submissions, the length should be about 30 pages; double-spacing, single column with font size 12 (Times New Roman).
- (2) Brief Paper – A concise description of new technical concepts or applications within the scope of the journal. Submission should be about 20 pages; double-spacing, single column with font size 12 (Times New Roman).

NOTE: Format for the manuscript: First Submission for review process: PDF format in double spacing, single column, 12pt (Times New Roman) Pre-production (after review): DOC format in double column, single spacing, 10pt (Times New Roman)

Manuscripts submitted as papers should state the significance of the problem in the introduction.

Paper size should be of A4 size (210 cm × 297 cm) with 2cm margin on the left, right and bottom, and 3cm from the top.

Enclose a signed letter giving your preferred address, telephone, fax number and e-mail address (if available) for correspondence and return of proofs.

If the manuscript has been presented, published or submitted for publication elsewhere, please inform the Editor. Our primary objective is to publish technical materials not available elsewhere, but on occasion, we publish papers of unusual merit that have appear or will appear before other audiences.

The language of the Journal is English. However, a paper in Bahasa Malaysia is also accepted and an abstract in English must be included.

Note that upon acceptance of an article for publication, the author is requested to submit a camera-ready format of the manuscript with single-spacing, double-column and font size 10 (Times New Roman). Illustrations and keywords of the paper should be included in the text. An electronic copy of the manuscript should also be submitted. The author is also requested to submit a passport-sized photograph and a short biography. This information will be sent to the author by the Editor.

B) STYLE FOR DRAFT OF MANUSCRIPT FOR REVIEW PROCESS

The draft of manuscript for a review process shall in PDF format. The manuscript should be typewritten using double-spacing, font size 12 (Times New Roman); on one side of the sheet only and in a single column format.

The format for IEM Journal follows that of the IEEE Transactions (US).

As we practice blind review, please do not put your name and address in the manuscript.

Provide an informative 100- to 250-word abstract at the head of the manuscript.

All sections should be numbered in Roman numeral such as I, II, etc. with the title in capital.

Subsections should be numbered in alphabets such as A, B, C, etc.

Sub-subsections (if any) should be numbered as A.1, A.2, etc.

Number all equations in round brackets () flushed to the right. The equation should be in the centre.

References in the text should be cited each by a reference number in square brackets, e.g. [12] or [4-6], etc.

In the reference section, the references should be written as follows:

Style for papers: Reference Number, Author, first initials followed by last name, title (italics), location and publisher, year, chapter or page number, month, and year.

Style for books: Reference Number, Author, first initial followed by last name, title (italics), location and publisher, year, chapter or page number (if desired).

Sample format for references is as follows:

(for paper)

[3] M. Khalid, S. Omatu, and R. Yusof, "Temperature Regulations with Neural Networks and Alternative Control Schemes" IEEE Trans on Neural Networks, Vol. 6, No. 3, pp. 572-582, May, 1995.

(for book)

[4] S. Omatu, M. Khalid, and R. Yusof, Neural-Control and Its Applications, London: Springer-Verlag, 1995.

If your paper is in Bahasa Melayu, please provide an **abstract** in English.

C) STYLE FOR CAMERA READY MANUSCRIPT (PRE-PUBLICATION)

In the event that the paper is accepted, we will require that the camera-ready manuscript be submitted in a double column format, single-spacing and font size 10 (Times New Roman). Include all illustrations in between the text (if possible). An electronic copy should be submitted. *We strictly prefer a document format camera-ready manuscript for pre-publication.*

D) STYLE FOR ILLUSTRATIONS

Try to include the illustrations in between the text.

Originals for illustrations should be sharp, noise-free and of good contrast.

Each illustration must be numbered such as "Figure 1, Figures 2-3, etc." and have a meaningful caption at the bottom. For tables, the caption must be at the top.

On graphs, show only the coordinate axes, or at most the major grid lines, to avoid a dense hard-thread result.

All lettering should be large enough to permit legible reduction of the figure to column width, perhaps as much as 4:1. Typing on figures is not acceptable.

Photographs should be glossy prints, of good contrast and gradation, and any reasonable size.

Number each original on the back, or at the bottom in the front, and also indicate the author's name.

Upon acceptance of your paper submit a set of the figures and a list of the captions. An electronic softcopy must be submitted in a document format. ■
