

PRESIDENT IN PENANG AFTER FREAK STORM INCIDENT

The President of IEM, Ir. Choo Kok Beng had been personally concerned about the damage caused by the freak storm in Penang on Friday 14 June 2013. He had rushed from Kuala Lumpur to the site in McAlister Road with the IEM Penang Branch Chairman, Ir. Paul Phor Chi Wei to inspect the extent and cause of damage. They also had a discussion with Ir. Addnan Mohd Razali, the head of Head of Engineering at Majlis Perbandaran Pulau Pinang and past Chairman of IEM Penang Branch on what could be done immediately and what should be done for the future.
