SYNOPSIS

The Grundfos Group is represented by more than 80 companies in over 55 countries. With an annual production exceeding 16 million pump units, Grundfos is one of the world's leading pump manufacturers. In addition to pumps Grundfos produces standard and submersible motors as well as state-of-the-art electronics for monitoring and controlling pumps. Today, we can find Grundfos pumps at various industries such as agricultural irrigation, food & beverage process, rural water supply, water & wastewater treatment, etc.

Grundfos pumps have been sold in Malaysia since the mid-60s, through an agent in Kuala Lumpur. A local Grundfos company was incorporated in August 1990, bringing the company closer to its customers. Grundfos Malaysia is today based in its own building at Glenmarie industrial Park, housing more than 90 employees from sales & marketing, service & logistic to human resources, administration & finance as well as a service centre equipped with state-of-the-art testing facilities.

Grundfos Malaysia has also established a strategic Dealers' Network around Peninsular Malaysia, Sabah, Sarawak and Brunei. The presence of Grundfos nationwide enables easier access to every customer's needs, providing total & individualized customer satisfaction in pumping solutions.

The visit is strictly limited to only **twenty (30) participants** registered on a **first come, first served** basis. Interested members could **register and pay online at IEM website (<http://www.myiem.org.my>); OR** register by returning the appended registration form by **25 March 2015 together with the payment.**

- ✓ Cheques are to be made payable to "The Institution of Engineers, Malaysia".
- ✓ The commitment fee must be settled prior to the visit.
- ✓ After this closing date, IEM reserves the right to allocate seats on first come first pay basis.
- ✓ Members are also reminded that if a place is reserved, IEM may cancel the reservation if payment is not received.
- ✓ If IEM maintained the reserved seat and the intending participant failed to attend the visit on the date of the event, the fee will still have to be settled in full.

Commitment Fees (Non refundable & non transferable)

IEM Member: RM30
 Non IEM Member: RM60
CLOSING DATE : 25 March 2015

Ir. Yong Hong Liang

Chairman, Agricultural and Food Engineering Technical Division, IEM
