

Graduate and Student Section News and Events Update – January 2006

by Engr. Yau Chou Fong, Engr. Ho Wee Leong and Engr. Cheng Wei Loon

7 January 2006
Terengganu Branch Roadshow
 Terengganu Advanced Training Centre (TATI)
 Approximately 100 participants attended the membership drive. A pro-tem G&S committee under Terengganu Branch will be formed soon, (to be led by Engr. Ahmad Nazari). For more information of the G&S Terengganu Branch, kindly contact Engr. Ngeow (ngeowyw@yahoo.com)

13 January 2006

Executive Fellowship Night

The second session of the night exclusively for the volunteers of G&S saw participation of about 15 people. A short two hours session conducted on sharing and brainstorming of ideas for the G&S. For those who are interested to volunteer yourself for G&S, kindly contact Engr. Yau CF (chaufong@tm.net.my, 012-3882570)

13 January 2006

Talk on Energy Efficiency and Sustainable Energy Usage in Urban Households and Residential Building

This jointly organised activity with the Electrical Engineering Technical Division saw a record participation of almost 140 IEM members. This talk aimed to provide an overview on energy efficiency and sustainable usage in urban household and residential buildings.

14 January 2006

G&S Roadshow at UNITEN (G&S Meet the Lecturers)

The very first G&S Meet The Lecturer Series in our mission to reach out to lecturers and encourage them to join IEM and at the same time pursue their professional engineering status was held on 14 January 2006 at UNITEN. For more information on the G&S Meet The Lecturers Series, kindly contact Engr. Yau CF (012-3882570, chaufong@tm.net.my)

15 January 2006

Inter-Varsity Conference of Engineering Student Society (ICESS 2006)

This annual event gathered engineering student societies from universities, private universities, college universities and colleges all over Malaysia. This year, 16 societies participated in the event which is the biggest so far since its inception in 2001 and for the first time ever, universities from Sabah and Sarawak also took part. This year, the main focus of the conference was on the formation of the IEM G&S Student Representative Council (IEM G&S SRC). Further information on student activities, kindly contact Engr. Ivan Tan (ivan_tan_chee_yen@yahoo.com)

Visit To MIMOS Semiconductor
Mimos Semiconductor (M) Sdn.Bhd (MySem) was formed in 1999 under MIMOS Berhad, Malaysia's premier research and development institution. After three years, MySem has evolved from an R&D organisation to a business entity. The charter of MySem is to establish an entirely novel business in the existing semiconductor industry with the view of contributing towards Malaysia's Vision 2020.

16-17 January 2006

G&S Community Service Booth at UM Charity Fair 2006

Engineering Society of University of Malaya and Institution of Engineers Malaysia, Graduate and Student Section (IEM G&S) jointly organised 'The Charity Fair 2006' at University of Malaya on 16 and 17 January 2006. There were nine charity organisations with fifty disabled people and homeless senior citizens, sixty student volunteers, who took part in this event.

21 January 2006
