

*In Memoriam:***SDR. M. NACHIAPPAN**

By: G&S Section Committee, Session 2003/2004

On the second day of Hari Raya, the G&S Section lost a dedicated and enthusiastic volunteer. Sdr. M. Nachiappan, 24, a final year chemical engineering undergraduate from University Malaya, had been actively involved in the G&S Section for the past 6 months. His relentless efforts had been a tremendous contribution to the G&S Section. He once said, "I won't be restricting myself to any G&S Sub-Committees, whichever Sub-Committee that needs help and volunteers, I will be there to assist whenever I can." That was his

commitment towards the G&S Section and IEM.

Sdr. M. Nachiappan played an active role in the Publicity Sub-Committee, as part of initial efforts to organise the upcoming G&S Charity Dinner and Dance 2004. He was also involved in the setting up of the GS Dot Com Sub-Committee, which is one of the most active Sub-Committees currently. He was also a part of the Committee that was involved in organising this year's G&S Volunteer Session, held in September 2003. We would definite-

ly miss his ideas, sense of fun and commitment to the G&S Section. To this wonderful and talented young guy, we wish to say:

**Nach,
May You Rest In Peace.**
