BACKGROUND

A data center is a facility that centralizes an organization's IT operations and equipment, and where it stores, manages, and disseminates its data. Data centers house a network's most critical systems and are vital to the continuity of daily operations. Exitra is a Malaysian incorporated company with MSC status and state-of-the-art IT infrastructures, which includes a Tier 3 designed Data Centre with ISO/IEC 27001:2013 certification. As an integrated Business and IT solutions provider under the LGB Group, Exitra provides Information Technology Management Services with outsourcing solutions and first level application support services. Exitra equips companies with a dynamic IT environment without the burden of employing full-time IT teams. Thus, small and medium-sized entities as well as enterprise companies will find our comprehensive solutions and services ideal in supporting their quest for conquering local and global markets. Typical solutions provided by Exitra data centre under www.MyCloud.my platform includes Disaster Recovery as a Service (DRaaS), Backup as a Service (BaaS), Database as a Service (DBaaS), Software as a Service (SaaS), Virtual Private Server and managed services.

NOTE – EXITRA DATA CENTRE

Exitra Data Centre, a fully owned enterprise scale ISO/IEC 27001:2013 certified Tier 3 Data Centre, is housed within a Grade A Office Tower with MSC Cybercentre status, Singapore's Building & Contraction Authority (BCA) Green Mark (Gold Accreditation) and Malaysia's Green Building Index (GBI) Certification.
