### **Synopsis**

Strategic thinking is a systematic process that defines the manner in which our thoughts are defined, creating a domino effect on our views and actions in making decisions related to personal life and work. Strategic thinking can be made easy with application of a set of critical skills proven to be the Yin and Yang of Strategic Thinking that are practical and friendly to use. What are those critical skills?

This lab session is specially designed to open the door to strategic thinking made easy. Strategic thinking is from application of a set of skills proven to work and fine tuning it to suit your scenario. Would you like to learn and apply the Yin and Yang of Strategic Thinking on the spot to solve anything that has been clouding your mind?

We welcome all suggestions for questions/topics to be discussed during the forum that you think is relevant to the theme. Please e-mail your suggestions to [roselein@iem.org.my](mailto:roselein@iem.org.my)
