Ref. No: IEM17/HQ/271/V

SYNOPSIS

Klang Valley Mass Rapid Transit (KVMRT) Project is a rail-based public transport network, envisaged to radically improve and transform Kuala Lumpur's public transportation coverage and to propel the Greater Kuala Lumpur into one of the top most liveable cities in the world. The second MRT Line, the Sungai Buloh-Serdang-Putrajaya (SSP) Line will serve a corridor with a population of around 3 million people stretching from Sungai Buloh to Putrajaya and will include Sri Damansara, Kepong, Batu, Jalan Sultan Azlan Shah, Jalan Tun Razak, KLCC, Tun Razak Exchange, Kuchai Lama, Seri Kembangan and Cyberjaya. The 52.2km alignment, including 13.5 km is underground will have a total of 36 stations, 11 of which will be built underground. At commencement of full service in the second quarter of 2022, the SSP Line is expected to have a ridership of 529,000 passengers per day. This is expected to further improve the chronic traffic congestion currently faced by Kuala Lumpur.
