Company Background

Ikram Paves Sdn Bhd has been a major player in the maintenance management of Malaysia’s major road systems since 1991. They have provided their expertise to the country’s major expressways and the maintenance of more than 16,000 km federal roads in the country. Their management and people are committed to ensuring that their pavements and structures are of the highest standard. Their technical knowledge and skills are complemented with investments in sophisticated equipment and facilities. With Malaysia moving ahead to become a fully developed nation by the year 2020, Paves performance over the years assures them of a niche in the increased demand for advanced road systems.
