Synopsis

The one-day program meant to provide the participants with basic and generic awareness on the Health, Safety and Environment (HSE) issues. Started with the introduction to the HSE act and OSHA 1994 being the pillar of HSE operation in Malaysia, the speaker will also discuss on a number of related aspects of HSE issues such as HSE management system, enforcement of HSE system, risk assessment and management system being important HSE issues in the industry. The session would also touch upon the role of managers in managing the policy, operation, and training that are pre-requisite for successful implementation of HSE matters.

Objectives

To provide the participants with the awareness towards the importance of HSE in general and in marine industry specifically.

Registration Fee (subject to 6% GST)
