# ONE DAY COURSE ON SUSTAINABLE AND GREEN PRACTICES FOR ENGINEERS

- Fundamental and Practical Approaches

DATE : 4 NOVEMBER 2017 (SATURDAY)

TIME : 8:30 AM - 5.00 PM

VENUE: C&S Lecture Room, 2<sup>nd</sup> Floor, Wisma IEM, Petaling Jaya

SPEAKER: Mr. Ismail bin Abdullah

**PART** 

Organised and hosted by

# **Environmental Engineering Technical Division**

The Institution of Engineers, Malaysia

### **Synopsis**

This course is the continuation of Part 1 prepared to equip participants with a strong fundamental knowledge of green technology and practices. The materials provide participants with a thorough expansion on more green topics such as green waste and water management, green economy and green procurement, and green performance reporting. The course incorporates dynamic instructional methods and Q&A forums.

### **Learning Outcomes**

- Describe the fundamental of green waste management, green water management and relations to carbon management.
- Describe the basic of green economy, sustainable consumption and production, sustainable procurement, green products and services and sustainable development goals (SDG).
- Describe the fundamental of sustainable/green reporting system, principal of baseline, measurement and verification protocol, and GRI reporting system.

### **Biodata of Speaker**

Mr Ismail obtained his Bachelor in Quantity Surveying from Universiti Teknologi Malaysia in 1985 and started his career in 1986 as a contract engineer in the tele-communications field and quickly rose to managerial level. In 1992, he joined the Oil & Gas Industry and served with Oil & Gas companies for 14 years as a Contract and Commercial Manager. Thereafter, he served as a Business Development Director of Nalco Chemical Industries Malaysia Sdn Bhd for 2 years mainly procuring international O&G chemical contracts within the ASEAN region. At the same time, Ismail has also been a shareholder and director of several companies dealing in information technology and the natural gas vehicle (NGV) industry often developing and advising business ventures in these fields. Since 2009 to date, Ismail

has helmed his own private limited company, Green Depot Technology Sdn Bhd specializing in energy conservation and carbon management consultancy work, among others. He has also worked extensively with the Malaysian federal and state governments in an advisory capacity. Currently, he is the President& CEO of International Green Training Centre, a certified green training center by Ministry of Human Resource Malaysia. He is also a green syllabus content developer and certified master training for sustainability practices.
