SYNOPSIS

Uniform Building By-Law 1984 PART III - SPACE, LIGHT AND VENTILATION clearly specifies the ventilation requirement for each type of rooms. Selecting and sizing the ventilation/exhaust fan to meet these requirements is the duty of Engineers. KDK Fans (M) Sdn Bhd was established on April 2002. KDK Malaysia is engaged in the sales and marketing of KDK fan products such as Ceiling Fans, General Fans, Ventilating Fans, Air Curtains and Air Moving Equipment. KDK products are mainly manufactured by Panasonic Manufacturing Malaysia (PMMA). KDKM and PMMA work together to develop safety fan features. KDKM also organizes yearly seminars throughout Malaysia for dealers, contractors and electricians about KDK latest products features and proper installation of ceiling fan. Regarding this visit, PMMA will provide in-depth details about ceiling fan structure, demo fan installation and the process of fan assembly. In addition, KDKM will present the importance of indoor ventilation.
