SYNOPSIS

MRCB is a leading urban property developer, with a large portfolio of successful integrated commercial and residential developments anchored around transportation hubs. MRCB was the pioneer of Transit Oriented Development (TOD) in Malaysia, through its flagship and award winning Kuala Lumpur Sentral CDB project, which has attracted some of the world's leading corporation as tenants due to its excellent transportation connectivity. This technical visit aims at enabling a better understanding on TOD concepts of KL Sentral project, which are also featured through MRCB's current and future projects, namely PJ Sentral Garden City, Penang Sentral, Kwasa Sentral, Cyberjaya City Centre and Bukit Jalil Sentral.
