SYNOPSIS

We are what we eat, and thus knowing exactly what we feed ourselves and our love ones is very important. This is the passion behind Grandpa Mic's intention to set up Lolo Mic's Eco Farm; to increase the awareness of Food Safety, to promote Ethical Farming and to Encourage Healthy Living.

Over in our 15 acre eco farm we adopt sustainable farming management to produce quality crops, farm produce that we feel safe to feed our love ones. We grow different types of fruit trees, vegetables, herbs and we also rare free range chickens, ducks and fishes.

Come visit our eco farm and to share our passion in sustainable farming. You can also recharge yourselves from busy city lives, and bond with your love ones by staying in one of our chalets or bungalow house.

Lolo Mic's Eco Farm is leisure and educational farm opens to everyone that seeks tranquility in nature.
