SYNOPSIS

Mindvalley is an innovative enterprise that has exploited ICT and internet technology to develop a “Global Education Model” employing international specialists to become one of the world's most cutting-edge personal growth companies. Mindvalley employs over 200 experts from over 40 countries to harness international expertise to achieve its lofty ambition for universal education excellence to inspire 1 billion people. These efforts include the establishment of Mindvalley U with its internet based, evolutionary educational platforms and apps.

The visit will cover an introduction to the establishment of Mindvalley and its mission, how it started and grew to what it is now, and how it became “The World's Greatest Workplace”. It will also include a tour to see its facilities, which include some special technology materials in the electrical field.
