

Talk on “Flood Mitigation Work”

Jointly Organised by Water Resources Technical Division, IEM & Women Engineers Section, IEM

BEM Approved CPD/PDP Hours: 2 Ref No. IEM18/HQ/451/T

Date : 11th Oct 2018 (Thursday)
Time : 5.30pm to 7.30pm (*Refreshments will be served*)
Venue : Auditorium Prof. Tan Sri Chin Fung Kee, 3rd Floor, Wisma IEM, Petaling Jaya
Speaker : Ir. Suhana Abdul Majid

SYNOPSIS

Flood mitigation involves the management and control of flood water movement, such as redirecting flood runoff and methods used to reduce or prevent the detrimental effects of flood water. Common challenges from Flood Mitigation such as rapid urbanization, climate change, construction activities due to development and population growth will intensify the risk of flood. This presentation will focus on the flood mitigation study and challenges during construction of the On-Site Detention Pond for Sg Rasau Toll Plaza.

BIODATA OF SPEAKER

Ir Suhana Abdul Majid holds a Degree in Civil Engineering from University of Glasgow Scotland. She is currently the Managing Director of Prestasi Perintis Sdn Bhd, Civil and Structural Engineering Consulting Firm.
