## TALK ON "MICROSOFT POWER BI"
Organised by
Information and Communications Technology Special Interest Group (ICTSIG), IEM

BEM Approved CPD/PDP Hours: 2   Ref. No: IEM19/HQ/023/T

Day/Date:	**19 June 2019, Wednesday**
Time:	**5.30pm – 7.30pm (Refreshments will be served at 5.00pm)**
Venue:	**Auditorium Tan Sri Prof. Chin Fung Kee,**
	Third Floor, Wisma IEM,
Speaker:	**Mr. Darren Lim**

SYNOPSIS

Traditional BI tools, such as Tableau, Qlik, etc., are solutions for analysts that provide rear-view mirror intelligence on what has happened. In contrast, Power BI is business analytics service that can empower everyone—not just data specialists—with real- time insight to what is happening. With Power BI, it takes five minutes to start creating personalized dashboards to find answers to the most important questions for your business.

BIODATA OF SPEAKER

Darren Lim is currently working as a Chief Technology Officer at Pentech Solution. He is also responsible to be the leader of the company's software and cloud team. Darren has 20 years working experience with Microsoft Technologies partner. He holds a Degree in Management Information System and earned his MSC in eBusiness, with honors, from the University of Bolton.

At Pentech Solution, his teams build and operate business applications and services; and the application, integration and intelligence platforms. His product portfolio includes the Microsoft server technologies, the Power platform (Power BI, PowerApps, Flow) and mixed reality business applications. Prior to joining Pentech, Darren was a Microsoft certified trainer, he provides Microsoft technologies training, workshop and others application training such as VMWare, Cisco and Adobe.
