Ref. No: IEM19/HQ/469/V

SYNOPSIS

The proposed new Mass Rapid Transit (MRT) KL East Station and alignment of Line 2 by the Government of Malaysia along Jalan Binjai are inclusive of KLCC Precinct via Lot LMN. KLCC Holdings Sdn Bhd therefore took the opportunity to develop Lot LMN as a Transport-Oriented-Development (TOD) which also has access link for MRT commuters to LRT Line via existing KLCC LRT Station. KLCC Projek Sdn Bhd has been appointed as the Project Management Consultant (PMC) to manage the said development whose forte is turning dreams into reality! The development consists of Substructure, Retail Podium, Petronas Gallery and Tower raft. KLCC Projek is making history again as the biggest and deepest drilling in the world is being deployed here. The delivery of the project is scheduled to match with MRT's commissioning of the station, with interval milestones for the interfacing works such as the tunnel excavation and track laying activities.

FEES FOR REGISTRATION

(Non-refundable & non-transferable):

Grade	Registration Fees (Inclusive SST)
