### SYNOPSIS ABOUT THE CO-LABS COWORKING SHAH ALAM

Co-labs Coworking is a subsidiary of Paramount Property. It is a co-sharing workspace uniquely designed for rising entrepreneurs, freelancers, startups, and corporates. We are in the business of connecting communities within a collaborative ecosystem where members can take root and flourish in a thoughtfully-designed workspace. Equipped with the firm foundation and 50 years of experience of its parent company, Paramount Property designed and built coworking spaces that are functional yet aesthetically. Currently Co-labs Coworking has five co-working spaces at Kuala Lumpur and Klang Valley.

**Co-labs Coworking Shah Alam**, the fourth outlet of Co-labs Coworking, spans 30,000 sq. ft. at Sekitar26 Enterprise Shah Alam. It is equipped with 30 Premium Suites in multiple seating configurations, 95 Fixed Desks & 48 Flexi Desks as well as 3 meeting rooms, 1 board room and 2 events halls. It also hosts a multitude of amenities for members such as nap pods, recreational games room, nursing room, a café and shower rooms. It is a thoughtfully designed workspace with lush greenery coupled with accents of 200-year-old upcycled Chengal wood furnishing; sourced from an old shoe factory in Klang. The wood is used on wall features, interiors as well as the construction of the workstations.

The outlet focuses on Property and Construction centric businesses. We connect Property & Construction players such as Engineers, Consultants, Architects, Contractors, Quantity Surveyors, Land Surveyors, Building Materials Suppliers, Interior Designers, Estate Agents, Creative Marketing Agencies, Event Management Companies, Insurance Agents and all other related businesses, all under one roof to benefit from an innovative Ecosystem of Support, Knowledge and Connection. For more news and information on Co-labs Coworking, please visit <https://co-labs.asia>.
