

**One Day Course on “A Quick Preview of Erosion and Sediment Control Plan by Certified Professional in Erosion and Sediment Control®-CPESC”**

by Ir. Chee Shai Choon

Ir. Chee Shai Choon is currently a committee member in Information And Communications Technology Special Interest Group (ICTSIG).

Initially, this course had been postponed due to lack of participants signed up for the event. Therefore, it has been rescheduled to 27/8/19. Finally, this course has been successfully held as per new schedule at 27/8/19 with a cloud of more than 20 Pax. It is a one-day event which started at 9am to 5pm. Among the event, it had shown that participants shown the sign of interested at the Certified Professional Erosion and Sediment Control -CPESC. We hope this can bring an attention to IEM about this specialize field which currently it is lacking expert in this field. The important of this erosion and sediment control which has all the time being ignored by many civil engineers in country, they are thinking of making the modification of earthworks plan which can use as erosion and sediment control plan. Where actually it is more than this. Another important of it, any works that is not proper done will show immediate effect at site. i.e. all the silt and mud will flow into neighboring lot. Eventually, the water received by any body was polluted.

Among the course also show the participants raise some question related to the certification and also the implementation of Erosion and sediment control plan (ESCP). The event was managed by two speakers who were the Ir Chee Shai Choon (main speaker) and Ir Chong Chee Yen (secondary speaker). The main speaker covered main elements related to ESCP. Whereby, the second speaker will be covered the scope of ESCP by CPESC definition.

Second speaker has shown some of examples of the CPESC exam.

How the exam being tested?

What is the competency of engineer in view of CPESC?

Below is the statistical analysis based on the feedback from participants:

SPEAKER EVALUATION

IR CHEE SHAI CHOON

		1 (Poor)	2(Adequate)	3(Good)	4(Excellent)
A1	Knowledge of topic			3	10
A2	Clarity in presentation			6	7
A3	Usefulness of the lecture note		1	5	7
A4	Ability to hold your interest			3	10
A5	Overall rating of the lecturer			5	8

SPEAKER EVALUATION

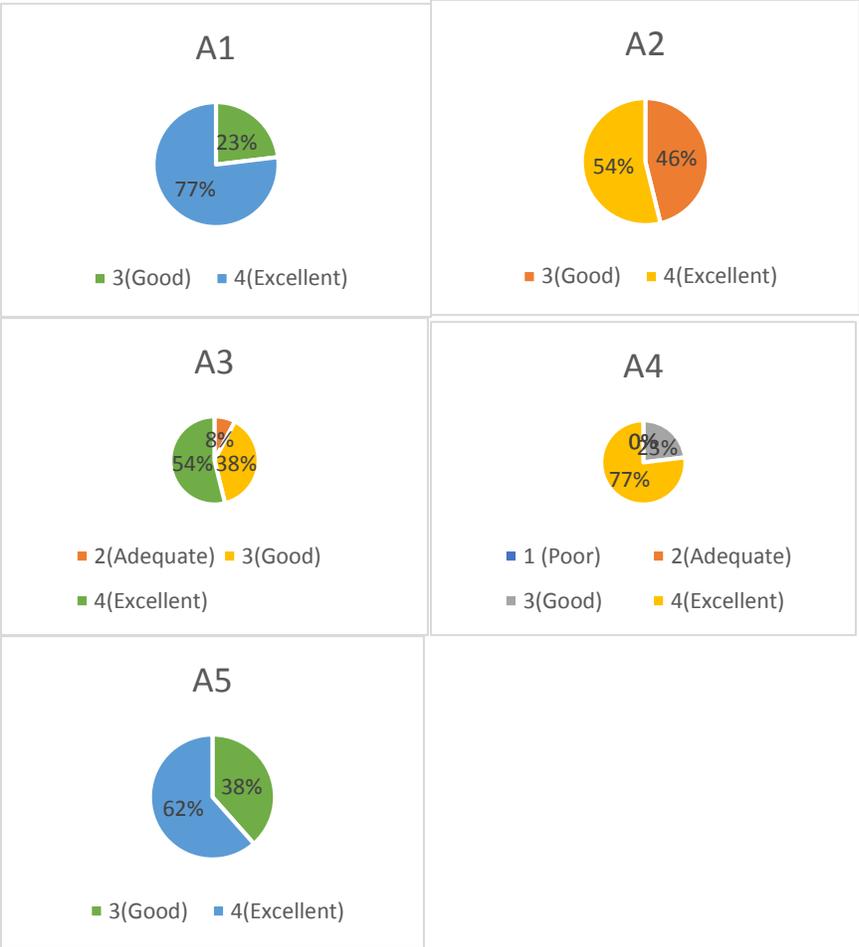

IR CHONG CHEE YEN

		1 (Poor)	2(Adequate)	3(Good)	4(Excellent)
A1	Knowledge of topic			5	10
A2	Clarity in presentation		1	7	5
A3	Usefulness of the lecture note		2	5	6
A4	Ability to hold your interest		2	6	5
A5	Overall rating of the lecturer		1	6	6

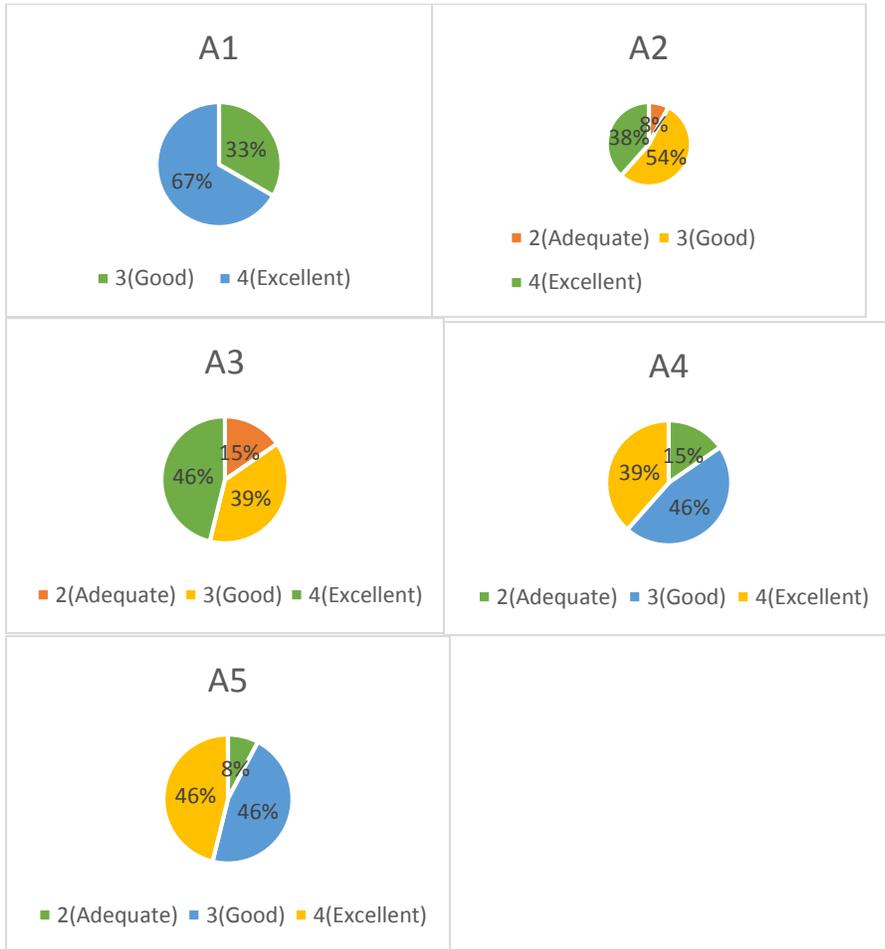

ACTIVITY EVALUATION

		1 (Poor)	2(Adequate)	3(Good)	4(Excellent)
1	Length of the Seminar		2	5	5
2	Content			8	4
3	Preparatory work		1	8	4
4	Proceeding of the seminar			8	5
5	Organisation of the event			8	5
6	Venue		2	6	5
7	Physical Facilities		1	7	5
8	Food and beverages		3	6	4
9	Course cost		4	6	3

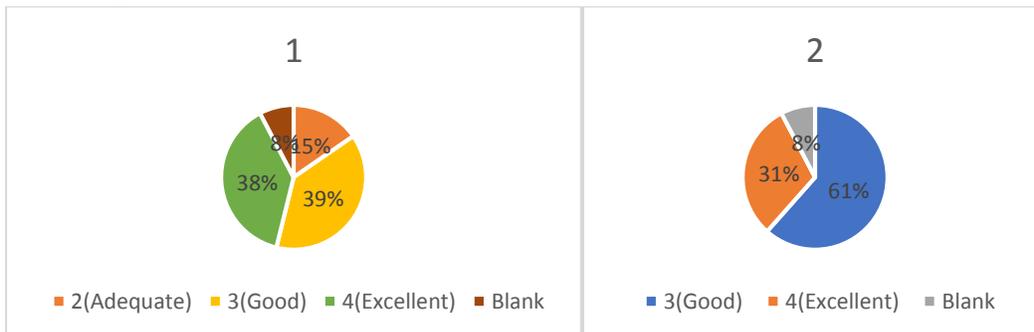

Ir Chee Shai Choon

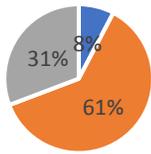

Ir Chong Chee Yen

Activity Evaluation

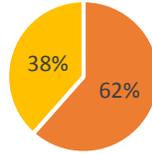

3

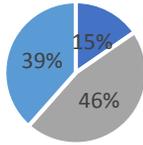

■ 2(Adequate) ■ 3(Good) ■ 4(Excellent)

4 & 5

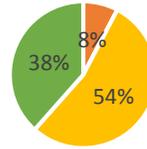

■ 3(Good) ■ 4(Excellent)

6

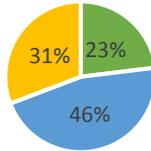

■ 2(Adequate) ■ 3(Good) ■ 4(Excellent)

7

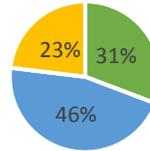

■ 2(Adequate) ■ 3(Good) ■ 4(Excellent)

8

■ 2(Adequate) ■ 3(Good) ■ 4(Excellent)

9
