

ANNOUNCEMENT

COVID-19 PREVENTIVE MEASURES

In view of the recent developments and advice by the Malaysian Ministry of Health and WHO, IEM will be taking the necessary preventive/precautionary measures so as to protect our members and staff.

IEM will place hand sanitizers at all reception desks including the security guard station at Bangunan Ingenieur. All members/public attending meetings or events at IEM are advised to sanitise their hands before entering the event hall or meeting room.

IEM cleaners will sanitize the staircase handrails, lifts, tables and chairs (where applicable) after every event/meeting.

We would like to request members or public attending meetings or events at IEM or visiting IEM to **declare your status** at the IEM reception/registration counters if you had **travelled overseas** in the **last 2 weeks**.

And if you have symptoms such as **flu, cough, fever** etc, it would be advisable to seek medical assistance and not to attend the meeting/event.
