WEBINAR

“PROJECT AND RISK MANAGEMENT FOR THE NEW NORM”

SYNOPSIS

Since Covid-19 hit, the world couldn't look more different. A new normal in work and life will be developed. We're sure you're doing your best to care for and protect your business and your projects, but perhaps you are wondering what are the best practices you can use to deal with those uncertainties – project risks!

This sharing session aims to introduce the PMBOK® Guide systematic approaches to deal with project risks in the new norm. The key learning points and summary take away for the talk includes but not limited to the following:

1. Who is Project Management Institute (PMI®)?
2. What are the project management credentials and certifications of PMI®?
3. What are the common reasons projects fails?
4. What are the PMBOK® Guide seven (7) steps on Project Risk Management?
5. How to apply the seven (7) steps into your project?
6. How to analyze project risks effectively?
7. What are the options you can choose to respond to risks?
8. How to establish contingency plans for prioritized risks?
