*by : Ar. Von*

Ar Von Kok Leong is a practising professional architect registered with LAM and PAM, and is a Director at Arkitek MAA Sdn Bhd. Ar Von is a member of the Joint LAM-PAM Sustainability Committee that strategised and established the GBI. He is part of the team that led the drafting of the GBI Non- Residential New Construction (NRNC), on-Residential Existing Building (NREB), Residential New Construction (RNC) version 3 and the Office Interior Rating Tools and Reference Guides.

Ar Michael Ching is a director of CH&I Architecture Sdn Bhd and BGreen Design Sdn Bhd, both established in 2010. He is a professional architect, a member of Green Building Index (GBI) Technical Committee, and Hon Secretary of the Malaysia Green Building Council (malaysiaGBC) for 2019-2020.

Mr. Muin joined the marketing department of Ajiya Safety Glass in 2012 and is currently the Marketing Executive that is involved in glass specification for architects & specifiers, façade consultants, green consultants, quantity surveyors, developers, main contractors, and etc.
