SYNOPSIS ABOUT THE KEWPUMP (M) SDN BHD & MSHK ENGINEERING SDN BHD

1) **KEW PUMP (M) SDN BHD** based in Ipoh, Perak, Malaysia, has 3 manufacturing facilities around the city. Its facilities enable them to perform full-scope manufacturing from designing parts, casting, machining, assembly and testing of our products. Kewpump pumps are manufactured using cutting edge technologies and are performed under strict quality control procedures that are ISO9001:2000 certified. As a result Kewpump pumping solutions are well known for its reliability and excellent value. Kewpump has not only become one of the leading pump manufacturers in the region but has been honored to receive various award for its products and market achievements.

2) **MSHK ENGINEERING SDN BHD** has the capability to undertake large-scale projects due to the ample material storage space, large working area and heavy machinery, all of which contribute to the smooth operations of their production lines. They are now a fully integrated turnkey contractor capable of undertaking:

- a) The engineering and construction of palm oil mills
- b) Design and manufacturer of palm oil milling plant & machinery with patented design
- c) Maintenance & upgrading of palm oil mills.

MSHK has a ISO 9001:2008 certified Quality Management System underlying our commitment to meeting customer's product quality requirements. We are also registered with the Department of Occupational Safety & Health as a manufacturer of unfired pressure vessels and clutch doors.
