webinar talk on

THE IMPORTANCE OF INSURANCE COVERAGE FOR ENGINEERS :

PROFESSIONAL INDEMNITY
CONTRACTOR'S ALL RISKS
WORKSMEN'S COMPENSATION

SYNOPSIS:

Due to the nature of the projects and work that engineers carry out, they have a crucial duty of care to a wide network of people - from their clients and the contractors, to additional consultants and members of the public. As well as covering the physical risks associated with projects involving construction or architectural work, full insurance coverage will protect engineers who are constantly required to offer advice and direction. This webinar will help engineers to have better understanding on engineering insurance essentials in Malaysian Insurance market focusing on 3 scopes; Professional Indemnity, Contractor's All Risks and Workmen's Compensation including General Exclusion and Conditions Risk Factor & Underwriting Information.
