### **Synopsis**

The current IEM Sub-Contract was first published in 2017, which was a major revision to the first edition that was published more than 30 years ago in 1990. In 2020, minor revisions were made to the 2017 IEM Sub-Contract to correct typographical errors and to ensure consistency throughout the 2017 IEM Sub-Contract. The 2017 IEM Sub-Contract is drafted to be used in conjunction with both the IEM Main Contracts for Civil Engineering Works and the Mechanical and Electrical Works. This webinar is to give an introduction and overview of the 2017 IEM Sub-Contract.
