

CIRCULAR NO. 26

CONSIDERATION TO ALLOW CONSULTING ENGINEERS TO OPERATE DURING THE MCO

Dear IEM Members,

Since the onslaught of the pandemic, The Institution of Engineers Malaysia has been working closely and actively with the Government by giving our feedback and response to relevant agencies via presentations and stakeholder engagement sessions. Through the various Ministries, such as the Ministry of Works, Ministry of Science, Technology, and Innovation, as well as Ministry of International Trade and Industry, we managed to present the thoughts of the Engineering community to the Government.

In response to feedback received from members, we would like to inform that ***IEM had recently written to the Ministry of Works and Ministry of International Trade and Industry (MITI) to seek their consideration to allow consulting engineers to operate during the MCO*** subject to complying with conditions set by Malaysian National Security Council (MKN). We are happy to inform that ***the Ministry of Works had been very supportive of IEM's, and they had sent an official letter to MKN requesting MKN's consideration of IEM's request.***

We would like to take this opportunity to thank Yang Berhormat Dato' Sri Haji Fadillah bin Haji Yusof the Senior Minister, Ministry of Works for his upmost support. We will you update on further developments once there is response from MKN.

IEM will continue to post latest announcements from the government, ministries or government agencies related or affecting the engineering industry for members' information. Do keep a look out for our email blast or visit the IEM website at www.myiem.org.my under the tab 'RELATED TO ENGINEERING' or join our Telegram Channel to receive faster updates.
