SYNOPSIS

Current lockdowns have accelerated thousands of business closings, and this has posed a financial challenge for many companies right now as there's a lot of unpredictable factors in play.

What you can do is leverage on the monetary support and free resources poured out by Malaysian government agencies for business owners, entrepreneurs, working professionals, and even the unemployed.

We would like to invite you to join DMC PEMULIH FUNDS & GRANTS 2021 – How Can Your Business Benefit From It?

This live-video webinar will explore:

- Where to look for Entrepreneurship and SME Development Programmes (provided by gov)
- Search and compare the financial products that suit your current business situation.
- Get grants (free money) for your innovative ideas, digitalization and R&D product designs!
- Plus! Ask questions if you are at risk of losing your job (company retrenchment)
