NEW RENAULT KOLEOS

Every precaution has been taken to ensure that this publication is accurate and up to date on the date it is printed. This document has been created on the basis of pilot lots and prototypes. In line with its policy of continuous product improvement, Renault reserves the right to modify the specifications, vehicles and accessories described and shown at any time. Such modifications shall be communicated to Renault dealers as quickly as possible. According to the country of sale, certain versions may differ and certain equipment may be unavailable (as standard, on option or as an accessory). Please contact your nearest dealer for the latest information. For printing reasons, the colours that appear in this document may differ slightly from the actual paint and upholstery colours. All rights reserved. The reproduction in any format and by any means of all or part of this publication, without prior written authorisation from Renault, is prohibited.

sculpted design

With its assertive silhouette, muscular shoulders, and imposing front grille, the new KOLEOS wins you over from the first glance with its athletic power. The new KOLEOS is an SUV which offers raised ground clearance, high skid plates on the bumper, and 19-inch* wheel rims. Its signature lighting leaves a lasting impression while its assertive design pushes the boundaries and expresses itself with a bold style.

* Available in Signature and Signature Plus only

invitation to well-being

Refinement is in the details. The design and choice of materials for the new KOLEOS are meticulously selected for an orchestrated luxury.

The inviting and enveloping seating position is one of the top in its category. The quilted Nappa leather*, satin finish of the chrome inserts and immaculate trim of the doors provide a level of comfort and sophistication, worthy of a premium SUV.

The KOLEOS' interior ambience features five lighting colour accents that illuminate the centre console, TFT screen, front and rear door panels.

*Available in Signature and Signature Plus only

A UNIQUE EXPERIENCE BEGINS

a new vision of comfort

The new KOLEOS brings comfort to all of its occupants, from offering you and your passengers a generous amount of legroom, to a compartment just for keeping your drinks cold.

Front occupants ride in comfort in electrically adjustable seats with the option* of ventilation, cushion length adjustments and butterfly headrests. Drivers receive extra care with the massage and memory seat function*.

Design your personal home screen by choosing the size and position of the maps, radio, favourite contacts, navigation and more. It is also compatible with Apple CarPlay™ and Android Auto™ that allow access to selected smartphone apps from the 8.7-inch portrait R-LINK2 touchscreen multimedia system.

*Available in Signature and Signature Plus only

benefit from performance

The new KOLEOS is fitted with a 2.5L engine that generates a maximum power of 171 PS at 6,000 rpm and 226 Nm of torque at 4,400 rpm. You'll be delighted by its quiet in-cabin volume and the feeling you get with rapid acceleration, responsiveness and fluidity — perfect for drivers who expect their vehicle to not only be economical but enjoyable to drive as well.

X-Tronic CVT automatic transmission offers fluid, responsive driving without any interruption of torque. It adjusts continuously while maintaining optimal engine speed and also simulate gear shifts, producing even more powerful acceleration. With a wider gear ratio, it delivers excellent fuel economy, quieter driving at low speeds and stronger acceleration at high revolutions.

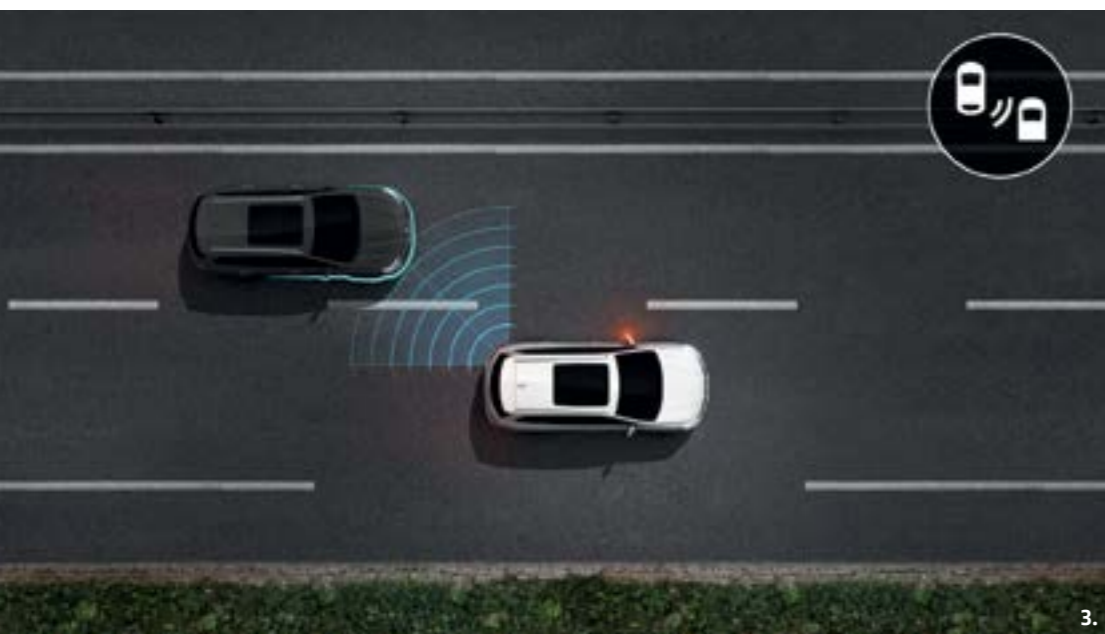

1.

2.

3.

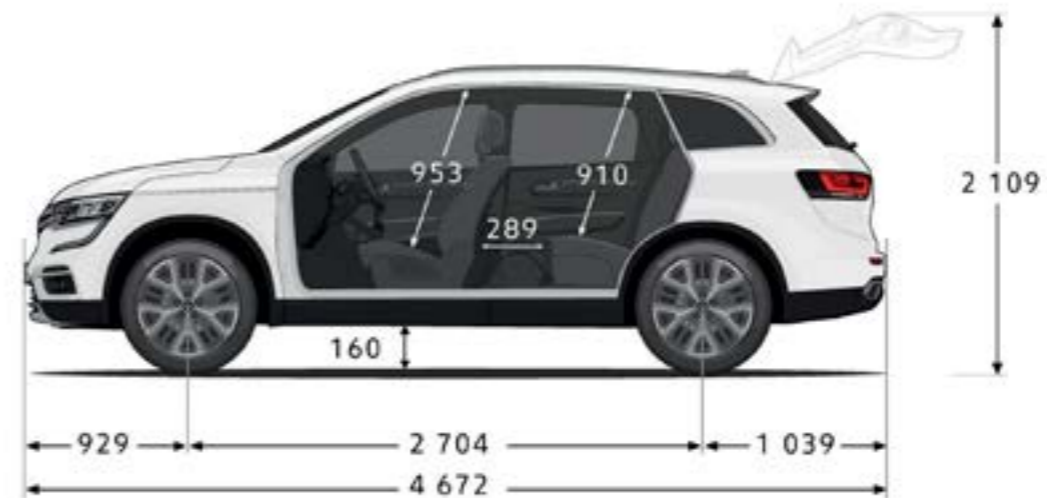

the art of making life easy

The new KOLEOS makes daily life easier. Have you got your hands full? To open or close the boot, swipe your foot underneath the rear bumper.

It understands the art of gaining space — thanks to the Easy Folding System (1 & 2), the rear seats vanish instantly, either one by one or all together according to your needs which can form a flat floor.

With the Blind Spot Warning System (3), an indicator light located on each of your door mirrors will warn you when a vehicle enters your blind spot.

Signature Plus

assert your style with convenience

Add a dash of style with bold bodykits and a Digital Video Recorder (DVR) system for added convenience.

1 & 2. Front and Rear bumper spoiler

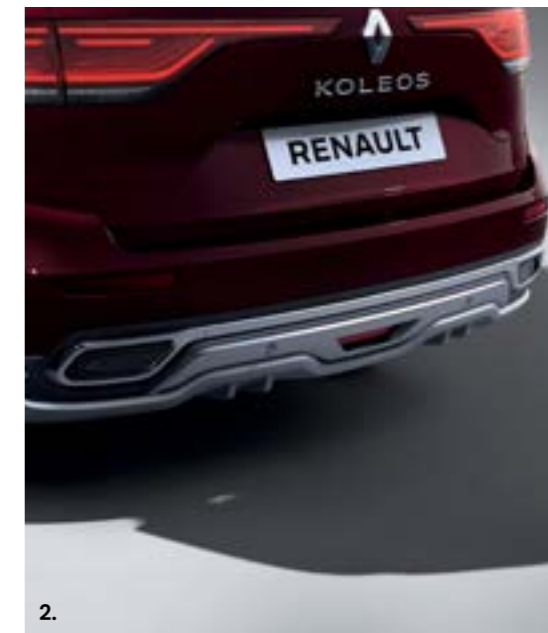

Exclusive integrated spoilers designed for a dynamic aesthetic to elevate your on-road presence.

3. Side steps

Highlight the design of your KOLEOS' lines with premium side steps. These practical side steps make it easier to access your vehicle and its roof. They also protect the body from minor everyday impacts.

Digital Video Recorder

An on-board camera that continuously records video as you drive for added protection and security during critical moments.
