WEBINAR TALK

"CLOUD DIGITALISATION TRANSFORMATION FOR CONSTRUCTION ON PROJECT, COST AND QUALITY MANAGEMENT"

MAY 28, 2022 (Saturday)
11.30 am - 1.30 pm

SYNOPSIS

Our SPEAKER
Mr TAN LOO TOON

Mr. Tan Loo Toon graduated with Bachelor's Degree in Computer Science/Information Technology in University Technology of Malaysia in year 2005 with 18 years of working experiences in Information & Communication Technology (ICT) industry. Now he is the Chief Technology Officer in NiuAce.

He started his career as software developer and moved up to solution architect and software project management roles, actively involved in solution design and software development on many enterprise applications projects in Malaysia, SEA and China.

In year 2019, he started up a new IT company called NiuAce with his few partners to develop the "Software as a service" (SaaS) Construction Marketplace with Project Budgeting & Project Progress Management system, with the ambition to help construction companies in Malaysia and South East Asia (SEA) to onboard on the digitalization era.

Using modern **Software-as-a Service (SaaS) on the cloud platform** to bring **digitalization transform** to construction company from all sizes, to improve efficiency and productive on construction project lifecycle, ensure project complete on time and on budget.

Leverage on the powerful of cloud system which are scalable, high performance and secure platform give ability construction company to **manage large scale and complex project** progress, monitor on progress and contract, 360 degree evaluation on contractor performance.

With powerful processing power on cloud help compute complex project Budget & Cost Estimate faster and accurate, simplify tendering processes and Comparison Analysist, progress Claim and certify process improvement to make **cost control in real time**.

Cloud with easy accessible on system and data make communication from boardroom to project site more convenient, site inspection and defect monitoring on mobile app make construction monitor on **quality control**.
