Webinar Talk on Understanding Project Related Insurances - CAR & PI – (A talk to enlighten the Engineering Fraternity)

Organised By

Consulting Engineers, Special Interest Group, IEM

Summary of talk:

Insurance related issues and C.A.R/ P.I claim matters continue to be a challenge for engineering practitioners. The understanding of these two policies and coverage remain vague to many.

Typical contracts like the JKR 203, PAM and FIDIC wordings specify the need for insurances to be procured.

This exciting session will cover some basic principles of coverage and case studies to enlighten the audience.

The speaker who has nearly three decades of industry experience and will share his useful pointers during this session.

Some key points that will be addressed:

What will be covered during this session?

1. Why the need for Construction Insurance
2. Is it really "All Risks" and what are the main coverages?
3. Typical exclusions and policy conditions
5. Do you still require the PI coverage if the CAR policy is already in place
6. Typical case studies
7. Q & A

SPEAKER BIODATA

Ir. Pooba Mahalingam is a professional engineer with over 30 years of practical experience in engineering and property risk/insurance, people management and product sales. He is specialized in general insurance and risk management aspects.

Ir Pooba operates from Singapore and serves the region under the "Talent Asia Training & Consulting" banner – conducting risk surveys, training and providing technical advisory services. He is also HRDF/ ACTA certified and is involved in various risk and technical initiatives in Asia, Middle East & Africa.

Ir. Yim Hon Wa
