(STRICTLY REGISTRATION AND PAYMENT
VIA IEM ONLINE)

SYNOPSIS ABOUT “VISHAY SEMICONDUCTORS SDN BHD”

The Vishay journey began with one man, Dr. Felix Zandman, and a revolutionary technology. From there they would grow and strengthen over decades, arriving where they are today: one of the world’s most trusted manufacturers of electronic components. The Vishay Semiconductors product portfolio includes rectifiers, fast-recovery diodes, high-power diodes and thyristors, small-signal diodes, Zener and suppressor diodes, RF transistors, optoelectronics, power modules (a combination of power diodes, thyristors, MOSFETs, and IGBTs), and automotive modules and assemblies. Vishay is the world’s number one manufacturer of rectifiers, glass diodes, and infrared components.
