Virtual Platform: ZOOM
14th July 2022
Thursday
2:30 - 3:30 p.m.

SYNOPSIS

Consulting engineers, architects and surveyors are construction industry professionals who often procure Professional Indemnity (P.I) cover to protect against negligence claims due to design short-comings.

This short session will attempt to enlighten some of the policy and coverage aspects to enable better subject understanding.

Issues on procuring this product, claims notification and policy renewals will also be shared by the speaker who has over three decades of industry experience to share.

The following key points will be addressed during the session:

- Proposal Form
- Limit of Liability
- Application of Policy Deductible
- When will the P.I. be triggered?
- Typical clauses and endorsements
- Does the C.A.R policy also apply in claims?
