

## WEBINAR

# “Consolidated Strategy on the Fourth Industrial Revolution for ASEAN”

**BEM Approved CPD/PDP Hours: 2**  
**Ref No: IEM22/HQ/250/T (w)**

**Organised by**  
**CONSULTING ENGINEERS SEPCIAL INTEREST GROUP (CESIG)**  
**AER ASEAN Engineering Inspector - Manufacturing (AEI-MFG)**

## Synopsis:

Dubbed as the inevitable convergence of the cyber physical worlds, the Fourth Industrial Revolution (4IR) is reshaping economies and societies around the globe. The opportunities arising from its evolution in ASEAN are limitless. The 4IR offers people the opportunity to grow better connected, helps economies grow and become more competitive, empowers ASEAN's citizens and improves their livelihoods through digitalising the provision of basic social services, and helps society decarbonise to meet sustainable development challenges confronting the region. In this webinar, Dr Tan will share about the Consolidated Strategy on the 4IR for ASEAN and how you can play a main role in ASEAN 4IR.
