ABOUT CAMBODIA

The Kingdom of Cambodia, formerly known as Kampuchea, has its name derived from the Sanskrit name kambujadesa

LOCATION AND AREA

Cambodia, bordering the Gulf of Thailand, Thailand, Lao and Vietnam, is situated in Southeast Asia.

Cambodia Covers a total area of 181,035 square kilometre in the heart of South East Area and it lies completely within the tropics where its south most points are only slightly more than above the equator.

Two dominant features are the Tonle Sap Lake and the Mekong River, which traverse the country from north to south.

The Mekong River, the 12th longest river in the world, basically runs through southern China, Myanmar, Thailand, Lao, Cambodia, and Vietnam before spilling into the sea.

Besides Minerals, Oil and natural gas deposits were found beneath Cambodia's territorial water and the potential revenues will surely contribute to the future of Cambodia's economy.

POPULATION

Total population is 17,173,264 million. Ninety per cent of residents are Khmer: The rest are Cham (Khmer Muslim), Chines, Vietnamese, Indian, Thai, Phnornng, Kuoy, Stieng, Tamil, etc. Chines influence is strong, particularly in the business sector. Population density is 78/km².

CLIMATE

Like most of Southeast Asia, Cambodia's climate is hot and warm almost all year round. The climate is dominated by the annual monsoon cycle of rainy and dry seasons. The rainy season lasts from May to October, and the dry season from November to April. The average temperature is 27-28 0C.

The monsoon season may carry some rains but these quite often occur during the late evening and overnight and are unlikely to spoil your enjoyment.

CAMBODIA

CHANGING ROLE OF ENGINEERS IN INDUSTRY 4.0 ERA

Approximately 50 papers on the following sub themes will be presented during the conference:

- Challenges are Opportunity of engineer in Industry 4.0 era.
- Artificial Intelligence for Life Cycle Engineering. Irrigation, Drainage and Flood mitigation;
- Resilience and sustainability-oriented engineering methodology.
- Life cycle design, design for environment/sustainability.
- Solutions and standards for the digital transformation, internet-of-things, and smart factories

HIGHLIGHTS

The opening ceremony will be presided by Samdach Akka Moha Sena Padei Techo Hun Sen Prime Minister, Kingdom of Cambodia and Honorary Chairman of Board of Engineers, Cambodia.

CAFEO-40 will be graced by presentation from 3 keynote speakers and many prominent speakers of ASEAN Countries.

SPOUSE PROGRAM

ROYAL PALACE

The Royal Palace was formerly called "Preah Barom Reach Veang Chaktomuk Mongkul", and now called "Preah Borom Reach Veang". It is 402 meters by 435 meters, and its Complex is surrounded by a high pagoda-styled compound decorated with the boundary string, painted with yellow to represent Buddhism and white to present Brahmanism. It is open for public from 8:00PM every day.

NATIONAL MUSEUM

It was built in 1917. Its location is to the north of Royal Palace. You can be more aware of khmer cultural and historical value and literature through frescoes depicted on the theme of the Ramayana story. Khmer art has been shown since ancient times. There, a rich collection of original khmer art features sculptures and statues made of jade, marble, silver, bronze, brass, article, clay, wood, bamboo, metal, steel, etc. the ancient building contains article, ceramic ware, earthenware, flatware, pottery, woodwork, silverware, etc. it is open for public from 8:00 AM to 5 PM every day.

Shopping Location

- Central Market (Public Market)
- Russian Market (Public Market)
- AEON MALL

POST CONFERENCE TOUR TO SIEM REAP
