# TALK ON THE REGISTRATION OF ENGINEERS ACT 1967

(PATHWAY TO BECOME A PEPC)

BY DATO' PADUKA IR (DR) HJ  
KEIZRUL BIN ABDULLAH

## Background

The Registration of Engineers Act 1967 (REA) is an Act of Parliament enacted to provide for the registration of Engineers and Consultant firms providing professional engineering services. Under the REA, only registered Persons and registered Engineering Consultancy Practices (ECPs) are entitled to provide professional engineering services or to assist the Professional Engineer in the supervision of engineering works.

The talk will look at the provisions of the REA, including the different categories of registration, the entitlements for each category of registration, the enabling requirements for registration as a registered person or a registered ECP. The talk will trace the pathway for an engineering or an engineering technologist graduate to become a Professional Engineer with Practising Certificate (PEPC) and if he/she so desires, establish his/her own ECP.

Approved CPD hours :  
2.0 hours

Register at:

**Dato' Paduka Ir (Dr) Hj  
Keizrul Bin Abdullah**

## BIODATA OF SPEAKER

The Speaker is a Past President of IEM and is currently the Chairperson of the Disciplinary Committee of the BEM. He is a registered Professional Engineer with Practising Certificate (PEPC) and has been very active in professional practice issues. He has been the Chairperson or member of the Professional Practice Committees of BEM and IEM for the past three decades. As a member of the BEM Engineers Act Committee, he was actively involved in the 2015 amendments to the Registration of Engineers Act 1967, and chaired the BEM Sub Committee to update the Registration of Engineers Regulations 1992 to be in line with the 2015 amendments to the REA.

**Registration Fees:**  
IEM Students: FOC  
IEM Members (Online): RM15  
IEM Members (Offline): RM20  
Non-IEM Members: RM70

**Date: 29/11/2022**  
**Time: 5pm-7pm**  
**Venue: Zoom (Online)**

Organized by:
