▶ 8-Saturday Course On INFRASTRUCTURE WORKS AND HIGHWAY ENGINEERING DESIGN

Organised by:
Special Committee on IEM Structured Training
The Institution of Engineers, Malaysia

Commencement date: 3 DECEMBER 2022

I 9.00AM – 5.00PM I

VENUE: BANGUNAN INGENIEUR & Zoom

*** Limited to 20 Participants only ***

Fees	Normal rate (RM)	Online rate (RM)
Corporate Member	3200.00	2880.00
Graduate Member	3200.00	2720.00
Non-Member	3680.00	3520.00

*** Closing date for Registration: 1 DECEMBER 2022**

NEW!
Conducted
via HYBRID

Facilitators/Trainers

► **Ir. Prof Adnan Zulkepli**

Ir. Prof. Adnan obtained a B.Sc in Civil Engineering (1985) from Memphis State University, USA and an M.Sc in Construction Engineering (1990) from University of Gifu, Japan. He is a registered PEPC with expertise in Traffic and Transportation, Civil and Construction engineering. He has also been involved in the following consultancy projects since 1986:

1. Infrastructure design of low cost housing schemes in Bahau, Port Dickson and Seremban (1986)
2. Road and bridge design of 10 bridges crossing Kanda River, Tokyo for Pacific Consultant Company Limited (1990 – 1991)
3. Road Inventory for JICA Highway Development Plan Study (1990 – 2010) for Malaysia, Highway Planning Unit, Ministry of Works Malaysia (1992 – 1993)
4. Masterplan Study for Malaysia Urban Transportation Planning Project, Highway Planning Unit, Ministry of Works Malaysia (1993 - 1994)
5. Alignment planning and design for LRT Kelana Jaya Line, Pengurusan Lebuhraya Berhad (1994 – 1995)
6. Feasibility Study of Proposed Ipoh – Lumut Expressway, MRCB Engineering Sdn Bhd (1996 – 1997)
7. Traffic Impact Assessment Study of more than 20 projects per year (1997 – 2002)
8. Putrajaya Transportation Action Plan Study for Putrajaya Corporation (2002 – 2003)
9. Feasibility Study of Proposed Jerantut – Sungai Lembing Highway for Highway Planning Unit, Ministry of Works Malaysia (2003 – 2005)
10. Traffic Impact Assessment Study of more than 10 projects per year (2005 to date)
11. Masterplan Study for Bandar Kuantan for MPK (2013-2015)
12. Kajian Pengangkutan Awam Besepadu untuk MBSA, 2015 - 2016
13. Piperack Feasibility Study for Gebeng Industrial Area, Kuantan, Pahang, 2016 - 2017
14. Project Planning for FR12 (Gambang – Muadzam), Mulia Interlink Construction Sdn Bhd, 2016
15. Traffic Impact Assessment Study of more than 12 projects per year (2005 – to date)

► **Ir. Mohmad Asari**

Ir. Mohmad Asari obtained a B.Eng. in Civil Engineering (1984) from UTM, an M.Sc in Operations and Supply Chain Management (2014) from University of Liverpool and PhD in Environmental Engineering (2020) from UTM. He have been in the water industry for over 32 years. He also a Commissioner for Suruhanjaya Perkhidmatan Air Negara (SPAN) from 2020 to present.

Currently served Hajara Consultant Sdn Bhd (Engineering consultancy) as a Director/Principal from 2012 to date, he is responsible for the operation and performance of the company. Among the contracts executed are:

1. Study of Sungai Linggiu Dam Storage and Sungai Johore Barrage Operation (for KeTTHA and MEWR, Singapore) – RM0.5m (study only)
2. Design and Supervision of Water Supply to Orang Asli Villages in Pahang – RM50.0m
3. Project Supervision of Holistic Approach of NRW Reduction for KeTTHA – RM9.0m
4. Feasibility, Design and Supervision of Kinabenua Intake System – RM5.0m
5. Advisory on planning and monitoring of the operations of Sungai Selangor Dam, Sungai Tinggi Dam, Sungai Semenyih Dam and Sungai Langat Dam – RM0.2m (study only)
6. Assessment and Safety Monitoring of Putrajaya Dam, Putrajaya – RM0.2m (study only), etc

Facilitators/Trainers

► **Ir. Richard Wong Chuen Fun**

Ir. Richard Wong is a Civil engineer with more than 35 years of experience in the industry, with 6 years in HSS Integrated Sdn Bhd and 15 years in Minconsult, both of which are leading engineering consultancy firms in Malaysia. He graduated with a B.E. (Civil) from Monash University, Melbourne, Australia in 1983.

His key experience extends to road safety audits, project management, road and bridge designs, junction and interchange designs, traffic light designs, traffic and transportation engineering, traffic impact assessment and traffic studies.

Ir. Richard is a Professional Engineer with Practicing Certificate registered with the Board of Engineers, Malaysia (BEM); a Road Safety Auditor accredited by Jabatan Kerja Raya (JKR), Malaysia; Past-Chairman of the Highway and Transportation Division of the Institution of Engineers, Malaysia (IEM); a member of REAM; an Associated ASEAN engineer; and was a participating member of the JKR Feedback Group which drafted the guidelines for the contents of the Road Safety Audit Report by JKR.

► **Ir. Manogaran Raman**

Ir. Manogaran graduated with a B.Eng. (Hons.) Civil Engineering in 1985. He is the Reicon Consult Principle from 1996. He has been involved in the design of infrastructure and structural works for the following :

1. Mixed Development
2. Foundation design for telecommunication towers
3. Vehicle Underpass design
4. Coordinator for 31 Tamil schools
5. Temporary works for tunnels
6. Factory, bungalows, shoplots
7. 17 storey Selangorku residential building

He also worked with Ihsan Team Consult Sdn Bhd as Chief Resident Engineer from 2012 to present. He has been involved in design and build facilities for EC725 Eurocopter Kuantan, TUDM. Since 1988, he has worked with various engineering companies such as MuMoorthy Corporation Sdn. Bhd., Seri Jurutera Perunding, Arup Jururunding Sdn. Bhd and Erinco Sdn. Bhd.

Facilitators/Trainers

► **Dato' Ir. Samsuddin Ismail**

Dato' Ir. Samsuddin is the Principal and Managing Director of SSI Consulting Engineers Sdn. Bhd. He graduated from the University of Malaya in 1976 with a B. Eng (Civil) and an MSc (Highway and Traffic) from the University of Strathclyde, United Kingdom in 1981.

He is a Fellow member of The Institution of Engineers Malaysia (FIEM), a Member of the Institution of Highways and Transportation (MIHT), United Kingdom a PEng with the Board of Engineers, Malaysia and Asian Chartered Professional Engineer (ACPE). He was a Council Member of IEM and still serves in the Standing Committee on Technology and Road Management for the Road Engineering Association of Malaysia (REAM).

He has been actively giving lectures to International courses on road construction and maintenance, organized by Malaysian Technical Cooperation programme for third world countries. He previously served in the Public Works Department Malaysia from March 1976 to March 1992 in several capacities from building engineer to road and bridge planning, design and maintenance all over Peninsular Malaysia. From April 1992 to Nov.1993, he was Technical Director of Malaysia Airports Berhad.

► Abstract

Over the years, it has been observed that many graduate engineers are unable to present themselves for the Professional Interview (PI) conducted by the IEM because they possess insufficient design experience, which is a prerequisite. This design review course is meant to better prepare potential candidates for the said PI.

► Course Overview

This course will improve understanding of candidates in the following areas:

- General Infrastructure works (including water supply, earthworks, road works, drainage and sewerage works)
- Plan and design for the following:
 - a. Water Supply Design to SPAN Guidelines*
 - b. Fire Hydrant Design (calculation of water pressure)*
 - c. Sewerage Design to MS 1228*
 - d. Road and Highway Designs to JKR Arahan Teknik*
 - e. Drainage Design to Manual Baru Saliran Mesra Alam (MSMA)*
- Highway Engineering: Traffic Analysis, Surveying, Geometric Design (vertical & horizontal alignment), Pavement Design & Traffic Safety Audit

► Course Format

The course consists of classroom presentations. Participants are encouraged to actively engage in discussions.

► Information on Registration

Registration fees cover course notes. If a place is reserved and the intended participants failed to attend the course on the date of the event the fee is to be settled in full.

Booking fee paid is non-refundable. However, substitution of participants will be permitted with approval by IEM. In view of the limited places available, intending participants are advised to send their registration as early as possible so as to avoid disappointment.

The Special Committee reserves the right to alter or change the programme due to unforeseen circumstances. However, every effort will be made to inform registered participants of any changes.

If you require further details or clarifications kindly contact the IEM Secretariat at:
