

Webinar

Talk on Navigating Your Career as Engineering Professionals – How can you improve your chance of success?

CPD Hours : 2 CPD Ref No : IEM23/HQ/036/T(w)

Jointly Organised by: Oil, Gas and Mining Technical Division & Women Engineers Section

SYNOPSIS

The fast-changing business landscape brings a set of opportunities and challenges in navigating our career. As an engineering professional, how do we prepare ourselves to navigate this better and what opportunities are there?

This talk aims to share some insights into navigating career, for those who wish to broaden their view while also using the transferrable engineering skills as a launchpad. This will be an informal dialogue and participants are encouraged to also share and reflect for collective learning.

SPEAKER

Ms. Nurzalina Binti Jamaluddin

Zalina Jamaluddin is the Chief Operating Officer at SEA Hibiscus, subsidiary of Hibiscus Petroleum Berhad.

Zalina spent more than 20 years in the private and public sector, mostly in the oil & gas industry, in various roles in the ExxonMobil Malaysia (E&P) in Surface, Planning and Subsurface, and later as Senior Commercial Advisor in Talisman Energy Inc. She also served as a Vice President and founding members of Malaysia Petroleum Resource Corporation (MPRC) under the Prime Minister's Department, and served as one of the Advisory Council Members for TalentCorp's Graduate Employability Program. She later served as the Chief Business Development Officer and Secretary to the Board of Governors at the Asia School of Business, a collaboration between Bank Negara Malaysia and MIT Sloan School of Management, USA.

She graduated with a BSc in Chemical Engineering (Cum Laude) from Cornell University, New York. She is also active in coaching and mentoring young professionals and women leaders.
