**Dato' Professor Dr. Noor Inayah Binti Yaakub**

**Synopsis:**

In an ever-changing world, Non-Governmental Organizations (NGOs) play an indispensable role in addressing social, environmental, and humanitarian challenges. These organizations tirelessly work towards creating a positive impact on communities and advocating for meaningful change. However, the uncertainty of funding sources often hinders their ability to plan for the long-term and sustain their impactful initiatives. This session on "Empowering NGOs through Endowments" seeks to shed light on the concept of endowment as a powerful and sustainable funding solution for NGOs.
