### SYNOPSIS

Mikro MSC Bhd is a Malaysian-based company with more than 25 years of experience in the design, manufacturing, marketing and sales of primary protection relays and other low voltage electronics equipment. Protection relays are critical components of electrical power systems, as they are responsible for detecting and isolating faults in order to prevent damage to equipment and minimize service disruptions. During a factory visit to Mikro MSC Bhd, visitors will have the opportunity to learn about the latest advances in protection relay design, manufacturing and testing. They will also be able to see firsthand how Mikro MSC Bhd's products are manufactured and tested to ensure the highest quality and reliability. Overall, a factory visit to Mikro MSC Bhd is a valuable opportunity to learn about the latest advances in protection relay design and testing. It is also a good opportunity to discuss specific protection relay needs with Mikro MSC Bhd engineers.
