“Malaysia New Industrial Master Plan 2030 | NIMP2030 : What, Why, How”

Joint Organised by
IEM Consulting Engineering Special Interest Group
ASEAN Engineering Inspector for Manufacturing
Chinese Mechanical Engineering Society Malaysia Chapter

Synopsis:

The Malaysia New Industrial Master Plan (NIMP) 2030 has launched at 30 August 2023. NIMP2030 is a strategic roadmap aimed at guiding industrial development over the next decade. It focuses on accelerating digital transformation, fostering innovation, enhancing sustainability, and strengthening international competitiveness. The plan outlines specific objectives and strategic pillars such as the integration of advanced technologies like AI, IoT, and blockchain. It also emphasizes the need for human capital development and regulatory reforms. By setting clear goals and KPIs, NIMP 2030 aims to position the industry as a future-proof, resilient, and globally competitive sector, ultimately driving economic growth and improving quality of life. Ir. Dr. Tan will offer invaluable insights into the nuances of NIMP 2030. His presentation will elucidate how this forward-thinking master plan is poised to arm the Malaysian industry with the tools and strategies required to thrive in an increasingly competitive global marketplace.
