

Organised by
**URBAN ENGINEERING DEVELOPMENT
 SPECIAL INTEREST GROUP (UEDSIG)**

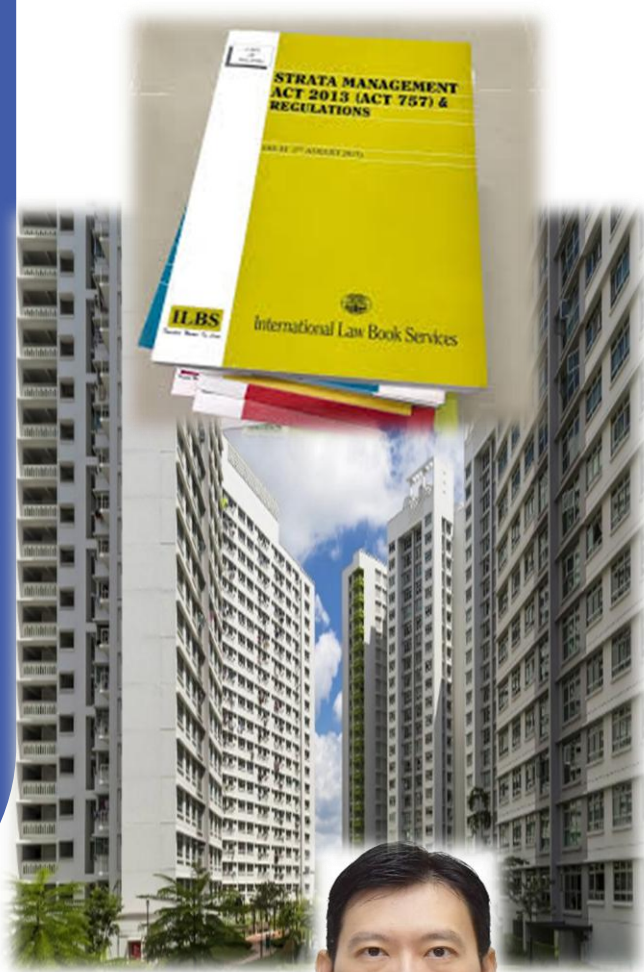

**Pre-Recorded Webinar Talk on
 “Sustainable Conscious Community and Property
 Management Cost: Smart City in The Making”**

**in conjunction with World Engineering Day Celebration from 4th March till 9th March 2024*

This talk presents the Malaysia smart city policy and The Strata Management Act (SMA) 2013 to regulate the condominium community with the case study in Kuala Lumpur.

Property management is the professional services intended for a quality living environment where owners paid for services.

The talk gives insight into the possibility of cost reduction with the assistance of smart technologies, automation, robots and IoTs.
