Discover Innovation in Geotechnical Engineering – Visit Naue Asia

Join us for an exclusive visit to Naue Asia Sdn Bhd, the Southeast Asian hub of Naue GmbH & Co. KG, a globally renowned German manufacturer of geosynthetics. Established in Malaysia since 2010 and certified to EN ISO 9001.

What to Expect on This Visit

- Behind-the-scenes factory tour: See firsthand how Bentofix® Geosynthetic Clay Liners (GCLs) and Secutex® Nonwoven Geotextiles are produced at our facility in Telok Panglima Garang, Selangor.
- Digital engineering tools: Get hands-on insights into our powerful online geotechnical design software, developed to simplify complex design tasks — from base course calculations to coastal protection and stormwater retention management.
- Innovative, sustainable solutions: Learn how Naue's technologies contribute to smarter, safer, and more sustainable infrastructure across civil, geotechnical, and environmental projects.

Why Attend?

Whether you're a practicing engineer, a student, an academic, or involved in infrastructure planning, this visit offers valuable exposure to real-world applications of geosynthetics, engineering innovation, and digital transformation in construction.

Don't miss the opportunity to explore about the manufacturing process of geosynthetics and its technical details.
