

Synopsis

This visit aims to immerse participants in the latest developments at the CelcomDigi AI Experience Centre, part of Malaysia's push toward advancing 5G and AI applications.

Participants will:

- Explore real-world use-cases of 5G-integrated AI solutions.
- Gain insight into operational deployments of advanced network services.
- Engage with technical experts to discuss emerging technologies and their applications within enterprise and public sectors.

Come and experience:

Technology Integration Insight: Understand how CelcomDigi combines 5G capabilities with AI-driven solutions for smart industries, IoT, and enterprise automation.

Operational Understanding: Gain firsthand knowledge of deployment strategies, data analytics, and infrastructure considerations.

Why Join This Visit?

Gain firsthand exposure to real-world AI and 5G technologies through live demos in sectors like smart cities, agriculture, and healthcare. Explore cutting-edge innovations including AI-RA and robotics, and learn from 13 active industry projects. Discover how startups, academia, and businesses co-create future solutions with CelcomDigi. Perfect for those seeking career insights, research ideas, or tech partnerships.

In short:

A hands-on, future-focused visit for anyone passionate about technology, innovation, and digital transformation.
