BEM Approved CPD Hours: 2.5 IEM25/HQ/396/V

Eastern Pretech Factory Tour: Discover the Power of Precast Concrete

Precast concrete has become Malaysia's preferred Industrialized Building System (IBS), revolutionizing construction with its unmatched quality, speed, efficiency and sustainability. Widely used in landmark projects – from data centers and semiconductor plants to hospitals, schools, and high-rise residences – precast solutions deliver factory-controlled precision, faster project completion, and significant on-site labor savings. This innovative approach is transforming how Malaysia builds.

As a leading precast concrete specialist serving Malaysia and Singapore, Eastern Pretech offers complete expertise in design, manufacturing, and installation. Our comprehensive product range includes structural elements like columns, beams, hollow core slabs, and wall panels, along with custom architectural solutions, etc. Operating from two state-of-the-art facilities in Beranang, Selangor and Seelong, Johor, we combine advanced technology with extensive industry experience to deliver exceptional precast solutions.

Join us for an exclusive half-day factory tour on 24th Sept 2025 to experience precast innovation firsthand. You'll witness live manufacturing demonstrations, gain insights into technical challenges and solutions, and explore how precast concrete can benefit your projects. This immersive experience will showcase why Eastern Pretech stands at the forefront of Malaysia's precast industry.

Don't miss this opportunity to network with industry peers and see precast technology in action. Limited slots are available for this informative session. Discover the future of construction with Eastern Pretech – where quality, efficiency, and innovation come together.

Participant to take note :

Please bring own PPE which include Safety Shoes,
Safety Helmet and Safety Vest

Programme

08.30am:	Depart from IEM
10.00am:	Arrive at Eastern Pretech Factory in Beranang
10.00-10.30am:	Simple refreshment
10.30am-11.30am:	Presentation and safety briefing
11.30-12.30pm:	Factory tour
12.30-1.00pm:	Q&A
1.00pm:	Depart to IEM

Tour Highlights:

- Live manufacturing demonstrations
