Introduction

The Visit is STRICTLY for IEM Members Only

Established in Malaysia since 1994 and strategically located in Bandar Bukit Raja, Klang, the company is a leader in industrial automation solutions. With a skilled team comprising 9 Sales Members and 24 Service Engineers, it operates a Technical Centre, Training Facilities, and a Parts Centre, supporting industries nationwide.

From compact designs to high-performance technologies, the company delivers a full spectrum of industrial robots and CNC solutions tailored to meet manufacturing goals across sectors. Flagship innovations include:

- ✔ Next-Generation Compact CNC Machining Centres – Featuring rigid design, smart automation, and exceptional ROI.
- ⚙ Full Electric CNC Injection Molding Machines – Offering fast cycle times, energy efficiency, and precision.
- 🔥 Advanced Electrical Discharge Machining (EDM) – Supporting complex, multi-part cutting with enhanced automation and accuracy.

Driven by reliability, intelligence, and productivity, the company empowers manufacturers with smart options, unbeatable versatility, and consistent quality to stay ahead in a competitive landscape.
