PROGRAMME HIGHLIGHTS

This class of insurance is normally taken up by Engineers, Architects and Surveyors to protect their professional responsibilities in project development from design to site supervision. This policy is a liability cover for the insured party in the event of a negligent claim made by a Client. Explanation will also be shared on the “retrospective cover” under this annual program.

The application of SPPI - Single Project Professional Indemnity Insurance and the dovetailing with the construction related C.A.R coverage will also be delved by trainer who is a professional engineer with three decades of construction risk experience.

LEARNING OUTCOMES

By the end of the programme, participants will be able to:

- understand how the PI policy is arranged and underwritten
- appreciate the concerns of underwriter when considering this risk
- learn some special clauses such as ‘retrospective cover’ that is provided in this insurance product
- consider a few case studies to learn how PI claims are handled

COURSE CONTENTS

9.00AM: Appreciating insurance as a risk transfer mechanism The insurance industry and the stakeholders	11.30AM: Underwriters consideration Claims and how it is managed Other policies and dovetailing of coverage
10.45AM: The basic concepts of PI cover and how it is arranged Policy structure and clauses	12.30PM: Q&A Session 1.00PM : Wrapping Up

SPEAKER'S PROFILE

Pooba Mahalingam - Regional Risk Consultant is based in Singapore with three decades of practical experience in risk/ insurance. Pooba is a professional engineer and operates under “Talent Asia Training & Consulting” of Singapore. He is specialized in the insurance space with special focus on engineering/ property insurance and risk management aspects. Pooba has provided Expert Evidence in a few technical disputes.
