About CONWAY

Founded in 1979, CONWAY is a leading manufacturer and distributor of high-quality cable connectors and electrical components for underground and overhead applications. We specialize in providing reliable cable joint and termination accessories for low voltage (LV) and medium-voltage (MV) systems, meeting rigorous industry standards. To ensure optimal performance, CONWAY offers a full range of crimping tools and dies tailored for Malaysian Standard connectors, alongside customized cable joint and termination kits to meet specific requirements. As an ISO 9001 certified company, we prioritise quality and compliance, with products type-tested to meet local and international standards. Trusted by major clients like power utilities and private projects our solutions are integral to infrastructure across Malaysia and the Asia-Pacific region. With over 45 years of industry knowledge and experience, CONWAY delivers not only exceptional products but also unparalleled customer support, ensuring reliable and effective solutions for all your project needs.
